

Remote Student Agreement

NAME:

DATE:

In order to respond to student and family requests to transition to remote learners during the spring trimester, the agreement below should be reviewed carefully by the advisor, student, and family before leaving campus.

Being a Remote Learner:

When a student leaves campus to study at home, it is important that they understand that being a remote student is not without challenges. Their involvement in classes, advisory, and GPS is still a daily expectation. Students should plan to create structure around their remote learning schedule and have a clean and tidy workspace without distractions.

Before making this decision, an open and honest conversation needs to be had between the student, family, advisor. Members of the health or athletic department will also be involved as needed.

Remote learning expectations:

- Once a student leaves campus they are not to return until the next school year.
- Attend all classes on time, participate as normal, communicate clearly with each teacher and advisor as needed.
- The student and family must be sure to have a strong and stable internet connection and attend all classes, advisory, and GPS with their camera and audio on.

Before the student departs:

- All belongings must be packed and removed from the dorm, and the room must be left clean.
- The student must contact the AOD before leaving campus.
- All school-provided materials must be returned to the school no later than May 31, 2021.
 - Laptop, case, and charging cord
 - Keys and library books
 - Athletic uniforms
