

## SUMMER READING AND LEARNING 2021-22

Reading allows us to explore new ideas, to view new perspectives, and to imagine the experiences of others. Gould believes that summer reading should be welcoming, purposeful, and connected. Grade level book titles are selected because of accessibility and diversity. Readings are purposefully connected to the ideas and themes of the course and explored throughout the fall term.

Each grade level requires one common read and each grade level offers a playlist for further **optional** engagement. AP English courses require additional reading.

### Grade 9 | Immersion

#### Reading:

*Island's End* by Padma Venkatraman

#### Expectation for class

Throughout the summer please think about these questions and how they relate the materials you explore:

1. How do geography and politics shape how we grow up?
2. How do stories about the world shape the way we view ourselves and others?

### Grade 9 Playlist

Although not required, consider exploring some of the playlist below.

Reading	TED talk	Film
